DR. J. C. YOUNG,

edical and Surgical

INSTITUTE.

- CONSULTATION, IN ALL CASES, FREE
- CURES GUARANTEED, OR NO PAY REQUIRED
- IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED

The above rules, established y Dr. J. C. Young in 1850, nd which have done so much o secure the reputation of this nstitute, are still adhered to, ffording those in need of medical aid, the certainty of ure and the utmost confidence.

There is nothing of so great mportance to the sick as to now where to find a physiian whose skill and humanity ive assurance of proper and elicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble o the invariable success that as marked the career of the Institute in the seventeen years f its existence.

It is unnecessary in this conection to enumerate all the omplaints treated at the Institute, but the Doctor feels it is duty to call especial attenion to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its inidiousness the very life of its ictims; in the treatment and ure of which the Institute has arned so enviable a reputaion.

READ! READ!

[illegible] aware that by dwelling upon so unlucky [illegible] on the decay of manly vigor through the loss of [illegible] principle of life, the ignorant may asperse my [illegible]; but the desire to point out to those who suffer [illegible] decay, the true cause of their affliction, [illegible] tive to be forced into abeyance. [illegible] the terrible disease of Seminal Weakness [illegible] the practical specialist who devotes his time [illegible] I can tell, but its presence can be [illegible] by noting the following symptoms; [illegible] of the back and limbs [illegible] loss of [illegible] power nervousness [illegible] accompanied by hot head; [illegible] short breath, flushings of the face [illegible] confusion of the mind; loss of [illegible] colorless; slight discharges upon [illegible] trembling; palpitation of the heart [illegible] variable temper etc.

YOUNG MAN, if you experience any of the [illegible] enumerated above, pause to [illegible] moment in which you may [illegible] health and happiness. You may feel strong now, but [illegible] have ever practiced the vice of self abuse [illegible] you have the seeds of weak [illegible], and their undermining influence will, sooner [illegible] later, dash the fair edifice of your strength [illegible] you a helpless, abject being. It [illegible] itself at once. There is [illegible] for while the patient is being treated for [illegible] of the Heart, Lungs, Brain, or Di[illegible] he sinks into a [illegible] debility that soon [illegible] the last of the [illegible] of the terrible disorder.

[illegible] in the best form and languishing steps, the [illegible] of the family [illegible] vice! Mark the course of [illegible] alive [illegible] in the hollow cheek and dull [illegible] is one of the premonitory symptoms. [illegible] it is easily taken off, but it grows eventually [illegible] to pursue his regular [illegible] and restless nights [illegible]

It is the nature of the complaint to [illegible] that leave the poor victim but little [illegible]. In a [illegible] instant it may wither your [illegible] blast your loftiest aspirations [illegible] by a natural impulse [illegible]. This is an evil of the first magnitude, for [illegible] for the exigencies of the [illegible] fails, and he finds himself in a deplorable [illegible] there is but the slightest hope of [illegible] should result in offspring, they [illegible] decrepid, and degenerate. This is [illegible] in both sexes, whether married or single, and in all [illegible] of life.

Do not [illegible] if you feel any of the symptoms of their [illegible] or if your acts have been such as to [illegible] them, but by instant application secure [illegible] hope of health and happiness. The Doctor [illegible] or other deleterious drugs—cures, when [illegible] always guaranteed, and full and proper vigor [illegible]

The [illegible] are [illegible] of every confidence.

[illegible]RSONS AFFLICTED WITH VE[illegible]

NEREAL.

During the seventeen years since the [illegible] the number of cases of Venereal that [illegible] show a record unequaled by any [illegible] the world, and the success that has invariably [illegible] of treatment.

Without Mercury or other Deleterious

Drugs,

[illegible] the use of them to be not only [illegible] but [illegible] for it is [illegible] that those [illegible] the [illegible] ruin the constitution and [illegible]

[illegible] a cure in recent cases, in [illegible] and finds no difficulty in curing those of long [illegible] without submitting the patient to such treatment [illegible] upon him the slightest suspicion, or oblige [illegible] neglect his business, whether in doors or without. [illegible] need not be changed. Cures always guaranteed [illegible] pay required.

[illegible]ORTANT TO FEMALES

When a female is in trouble or afflicted with [illegible] medical or surgical assistance, the inquiry [illegible] "Where is there a physician competent to [illegible] and whose respectable standing in society will [illegible] him to the confidence of the community?" The [illegible] understanding how imperatively necessary [illegible] requirements are, feels called upon to interpose [illegible] attention of the afflicted to the fact that he [illegible] of Obstetrics and Female Diseases [illegible] years, and is fully qualified to administer [illegible] medically and surgically not in a superficial [illegible] in a thorough a manner as years of study and [illegible] both in hospitals and private families—can make [illegible] from the hands of the unqualified unscrupulous [illegible]. Therefore families can rely upon him [illegible] All in affliction can find in him one [illegible] with and befriend them in trouble [illegible] whose secrecy the utmost confidence can be placed. Cures [illegible] consultation by letter or otherwise free. Cures [illegible] all weakness and trouble incidental to the [illegible] apartments are provided when desired, [illegible] all the advantages of unremitted attention [illegible] and the most skillful and faithful nurses.

TO CORRESPONDENTS.—Persons either male or female [illegible] in the interior, are often deterred from [illegible] Doctor because they cannot spare the time, [illegible] of a visit to the city. To such [illegible] a plain statement of the symptoms and [illegible] upon the complaint will enable him to [illegible] them so that they can be cured at home. [illegible] any false delicacy about writing, no matter [illegible] of their complaint, as the communication [illegible] by no one except the Doctor and [illegible] the utmost confidence, and either be returned or destroyed. Consultation Free.

The National Debt and the Republican Party

In the following article the reader will find conclusive proof that one fourth of the national debt has been paid since the close of the war of the rebellion. The statement is furnished by Edward Atkins a manufacturer of Boston who is regarded in the East as a high authority on statistical and financial subjects. Indeed the arrangement of his matter is so perspicuous that his statements furnish their own proof. We have abridged the article as much as it was possible to do without impairing its force and clearness.

The condition of active war terminated with the surrender of the rebel armies in April 1865.

WHAT DID WE THEN OWE?

The ascertained debt of the United States on the first day of April 1865 as entered upon the books of the treasury department amounted to $2 [illegible]. Four months later on the 1st of August, 1865 the debt represented by the books amounted to $2,757,689 71 and the latter sum has been assumed of late to have been the maximum debt of the country at that time. But such was very far from being the fact. There existed at that time a liability for a very large sum not then entered but for which the government was bound as much as if the bonds had then been issued. A liability since recognized and since paid.

THE DEBT UNDER ESTIMATED

I know this from the fact that the manufacturing corporations with which I am myself connected held at that date several millions of dollars of claims upon the government through the contractors to whom we had sold material for the tents and clothing for the army, for which they had then had no settlement. These accounts were afterwards allowed and we took our pay in 7 30 notes most of which we sold to the various savings banks of Massachusetts from whom we had borrowed the money to enable us to do the work and furnish the goods. These notes were, of course, converted into five twenty bonds by the savings banks and now form a portion of the debt. My purpose is to ascertain what was the real indebtedness of the United States occasioned by the war, and how far the revenue of the government has been directed to its liquidation. The true liability of the United States caused by the war which the Democratic party of the South had waged upon the Government amounted in the year 1865 to the sum of $3,287,733,329 and since that date the Republican party has paid over $800 000 000, besides paying the interest.

Although active hostilities virtually ended with the surrender of the great rebel armies in April 1865 the expenses of the war did not and of necessity could not cease at once. The military and naval forces were at that time in a state of the greatest efficiency and preparations had been made for prosecuting the war at all points with the greatest energy.

WAR EXPENSE AFTER THE WAR

It was obviously impossible for the government to say to its millions of soldiers and sailors the moment the rebels laid down their arms, Go! we have no further use for you. To those wounded and disabled—take care of yourselves! To the owners of half constructed vessels and to those who had contracted in good faith to supply food, clothing and ordnance—we repudiate our contracts and refuse your supplies! No, all these matters were to be settled upon principles of justice, honor and humanity, but to accomplish such a result the treasury found itself in a position of embarrassment and danger which few either knew or anticipated. The credit of the government had become greatly impaired, the 7 3-10 loan was selling at less than par, even in currency, and all other means adopted for raising money during the preceding year had proved or were then proving comparative failures. There were, in 1865, accounts passed for payment—and overdue—to the extent of one hundred and twenty millions of dollars, while all the available cash funds coin and currency which the government could then command was less all told than seventeen millions of dollars. Treasury vouchers issued for supplies to the army and navy were being sold with difficulty by the holders at from ten to twenty per cent discount, and the pay of the army itself was and had for months been largely in arrears.

The inevitable result was that large payments, the liability for which actually existed during the time, and which were properly part and parcel of the expenses of active war, were carried over into the year succeeding, and were then largely paid from the enormous receipts of revenue of that year.

BACK PAY OF TROOPS

This liability for back pay for the pay of the troops to the date of their possible discharge—for their transportation, and for the settlement of contracts, formed a part of the debt of the United States on the 1st of April or on the 1st of August 1865 as much as if it had all been settled and the bonds issued and entered upon the books of the Treasury Department. These disbursements, under the direction of the War Department, from the 1st of April 1865, to the 30th of June 1866 a period of only fifteen months were as follows:

April 1 to June 30 1865	$414 1[illegible]
July 1 to September 30, 1865	365 [illegible]
October 1 to December 31 1865	[illegible] 122 [illegible]
January 1, 1866 to June 30 1866	[illegible]
Total 15 months	$[illegible] 546 076

During the same period the expenditures made under the direction of the navy department were $76 319 773.

It thus appears that the disbursements made under the direction of the army and navy departments during the fifteen months immediately succeeding April 1, 1865 amounted to $774,865 851. It is estimated that a very large proportion of this sum, not less than $400 000,000 was on account of expenses incurred and accounts rendered from three to twelve months prior to the termination of actual hostilities and which had been allowed by the treasury to remain unliquidated simply by reason of great financial embarrassments. The remainder is made up mainly of the following items:

Pay of the army 15 months	$[illegible]
Commissary and quartermaster's department about	[illegible]
Medical and hospital department	[illegible]
Arrears of pay of discharged or deceased soldiers	10 180 [illegible]
Bounties	10 420 [illegible]
Prize money paid by navy department	[illegible]

It is therefore not only legitimate but strictly in accordance with the facts to assume that this large expenditure of nearly eight hundred millions of dollars from April 1 1865 to June 30 1866 was in every sense a war expenditure, and that it was a liability on the 1st of August 1865 the date on which our debt appeared to be at its maximum by the treasury books, as much as if [illegible] had been issued and entered upon the ledger.

MORE YET

But the liability which existed at that date was even greater. There were the debts which humanity and honor alike have imposed upon the country, and which Congress has recognized and paid. The amount of these liabilities which have been recognized and paid and which are not included in the previous statement is as follows:

Pensions	$ 2 [illegible] 455
Bounties	49 [illegible]
Prize money	[illegible]
Reimbursing States for war expenditures	12 [illegible] 188
Claims of loyal men	11 111 [illegible]
Freedmen's Bureau	[illegible]
Since famine including expenses of reconstruction and national cemeteries estimated	[illegible] 000 000
	$145 912 451
Add expenses of the army and navy for 15 months	[illegible] 851
And we have a total of	[illegible] 8 262
And the debt as it stood upon the books of the treasury April 1 1865	$2 [illegible]

WHAT IS THE DEBT NOW?

[illegible]

WE HAVE PAID THE [illegible]

The present debt deducted from the maximum debt in 1865, proves the actual payment during three years of quasi peace of $802, [illegible]

WHAT BECAME OF THE TAXES

The receipts of the treasury from April 1 1865 to June 30 1868 the close of the last fiscal year have been as follows:

[illegible]

218 212

THE EXPENSE[illegible]

[illegible]

[illegible] about $10 [illegible] improvement. [illegible] it may be claimed that the whole problem should be stated in currency. [illegible] the result would be changed only our income and our war interest will each appear a little larger.

REDUCED TO GOLD

The premiums on sales of gold having been included in the miscellaneous receipts, the only addition we have to make is to add to the war interest the premium on about two thirds of the amount which was paid in gold at an average of forty per cent say $112 000 000. Our statement will then stand:

Income [illegible]	$1 540 [illegible]
And value [illegible]	[illegible]
[illegible]	[illegible]
War [illegible]	[illegible] 120
Interest	4[illegible] 484 883
[illegible]	[illegible] 000
Ordinary expenses	$[illegible]

or a little less than $92 000 000 a year.

The expenses of the last fiscal year under the Democratic administration of James Buchanan amounted to	$ 76 841 004
Equal to a currency equivalent at the average of 140 [illegible]	$10[illegible]

It therefore appears that the expenses of the Government under the direction of a Republican Congress hampered by a hostile Executive have been at the rate of $1 [illegible] 000 less per annum than the expenses under the last year of Democratic rule. The Republican party claim that they might fairly have exceeded the expenditure in 1860 for we have five or six millions more population and a vast extent of new territory to guard and control. If it shall be alleged that we included all the expenses of the War and Navy Departments for fifteen months after April, 1865 as war expenses, and that there would have been a moderate expenditure under any circumstances we will admit it, but the expenses of the Indian war, estimated at $30 000 000 to $40 000,000, and the amount expended on river and harbor improvements ($10 000 000) for which we have made no allowance, but have included as ordinary expenses would fully offset this claim.

WHAT HAVE WE PROVED?

We have proved that the ordinary expenses of the government for three years and a quarter, including the suppression of Indian hostilities and nearly $10 000 000 for river and harbor improvement, have been at a less rate than during the fiscal year prior to the war.

We have proved that the alleged maximum debt August 1 1865	$2 [illegible] 689 [illegible]
there must be added a portion of the liability of $[illegible] which existed April 1 and which there was still unsettled on the 1st August the sum of	[illegible]30 045 75[illegible]
and then we have the actual maximum debt	$3 287 733 329

of which only $2 [illegible] 000 000 existed as debt June 30 1865 showing a reduction of $[illegible] in three years and a half under the most unfavorable circumstances possible either for revenue or for economy in the administration. More than this the form of the debt has been greatly improved in the interval. It is now all substantially consolidated into long loans the payment of none of which can be demanded before 1880 except the currency debt represented by the legal tender demand notes amounting now to only $[illegible] 0 000 00. And for the funding of these notes the Republican party passed an act which failed to become a law by the laches of Andrew Johnson. We claim then, that the Republican party has proved its intention to meet the liabilities of the country by honest payment, and to remove from the people at the earliest moment the curse of an inconvertible paper currency.

[illegible] ON REDUCING THE DEBT

Congress should never authorize another loan even at a low rate of interest, upon over ten years without retaining the right to pay it at its option after that period. We seem to have lost our financial courage since the war ended. During the war we issued five twenty and five forty loans assuming that we should want to pay the whole or a portion at an early date. The fraudulent proposition of the Democratic party seconded by a few weak Republicans, to substitute bonds bearing no interest for the 5 20 bonds, thus defrauding our creditors without paying our debt, has for the time being prevented us from availing ourselves of the privilege of real payment, and has kept our rate of interest very high; but let us keep up our faith in the nation and not give up the idea of paying the debt within twenty or thirty years. We paid $800 000 000 for our debt in three years, and at least $200 000 000 of extra interest or guaranty, the latter in consequence of the dishonest purposes of the Democratic party.

If then, under all the difficulties the treasury and the nation have encountered we have in three years paid one quarter of our debt, shall we take fifty, forty, or even thirty years to pay the other three quarters? Let us not listen to such a proposal, let us not put upon our children a burden we can so easily remove. We have groaned under heavy taxation but had we not paid war debt and war interest, had we borrowed instead of paying, our debt would now be over $[illegible]

At the present rate per head of less than $[illegible] on the [illegible] with interest calculated at six per cent for the next five years and at five per cent thereafter and with an allowance for ordinary expenses far greater than we are now paying, [illegible] making all these allowances, the rate of $6 70 per head will pay our debt before the year 188[illegible] has ended. Why do we not begin to realize our power—we do not begin to know our strength, we are scared by a mirage and we propose to put off twenty thirty aye, even fifty years what we can easily do in ten. We do not need to issue a long loan to obtain a low rate of interest. Canada has just borrowed $[illegible] 000 at [illegible] per cent and $2 [illegible] 000 at [illegible] per cent and the whole amount was taken on twenty years by the [illegible]. The finance minister of Canada expects to place $1 [illegible] on still better terms. All that we pay above [illegible] per cent interest is the charge [illegible] by capitalists because we indulge ourselves in the luxury of democratic party leaders like Pendleton, Seymour, Hampton and Forrest.

Political Brevities

Should Seymour and his friends get in power their first act would probably be to remove General Grant from the command of the army and appoint that [illegible] General, [illegible] place.

Some of the French country papers *[illegible]* report that Seymour and Blair were elected in New York and the *Pays* calls them the official candidates for the Presidency. Blair's letter of acceptance is still [illegible] by the official French press.

A Nashville dispatch of Sept 18th says: The determination of the Executive to sustain the State Government and to furnish General Thomas with sufficient [illegible] The [illegible]

Commerce of Columbia River

The report of the Pilot Commissioners to the Legislature which has just been published gives some important statistics relative to the commerce of the Columbia river. A list of vessels of 25 tons and upwards, which crossed the bar from July 1, 1866, to August 24 1868 is given. The number of arrivals and departures during the period was as follows:

	Steamers	*Sails*	*Tonnage*
[illegible] July 1 1867	82	12	72,645
[illegible] to July 1 1868	63	40	68,[illegible]
[illegible] Sept 1 1868	14	10	17 [illegible]
[illegible] in 26 months	159	62	159,048
Departures in 26	159	62	159,048
Total	318	124	[illegible]

The total tonnage of vessels which entered the river from September 30 1864, to September 10 1866 was 117 740. It will therefore be seen that the increase of our commerce for the last two years over the two years previous has been quite large. We append the following paragraphs from the report, which refer to matters of interest that have heretofore been touched upon in our columns:

There has been no offer in the last two years by any parties to put a tug boat on the Columbia Bar in conformity to the Act of October the 21st, 1861—see Statutes of Oregon, sec 22, page 843). [illegible] the *Rabbone* a steam tug put on by Paul [illegible] and others and withdrawn after a few months service for want of support, on account of the opposition steamers driving all the sailing vessels off that time. The piloting has ever since been conducted by a sailing [illegible]. But as the trade is now being done to a considerable extent by sail vessels, we begin to feel the need of a good tug to facilitate commerce; therefore to induce the putting on a tug, we would respectfully recommend that the State, through her Legislature, offer a subsidy sufficient to [illegible] competent parties to keep a powerful tug-boat on the bar, or otherwise, appropriate a sufficient sum to build one, and let the State, through her Pilot Commissioners, control it.

The corps of the U S Coast Survey have just finished the survey of the mouth of the Columbia river including the bar and although they are not allowed to publish their work in general until the report to the proper bureau at Washington has been submitted, yet we have learned indirectly that the survey has developed the fact that the bar is wide and deep enough to admit vessels of two thousand tons and upwards, the depth of water being not less than twenty four feet, at low tide on the shoalest part, and the average rise of tide being about eight feet gives us thirty-two feet of water at ordinary high tide. The greatest difficulty, and that which has caused the loss of vessels and so many lives, is the change of wind, which often occurs right on the bar, or by [illegible] becoming becalmed on it, which occasionally occurs. But a tug would obviate these difficulties. Had a good tug been on the bar the last few years, the dreadful accidents that have occurred would have been prevented. In an economical point of view the State will be largely the gainer by the proper encouragement of sail vessels, which as the principal medium of opening up foreign trade and increasing the facilities for crossing the Columbia river bar at all times will conduce much to that end.

Oregon Pioneer Line to Portland Direct.

New York, Sept. 17, 1868.

This line, so important to the best [illegible] and industrial interests of Oregon, is now in complete and successful operation. Two fine vessels have already cleared with full cargoes (the brig *Nellie Brown* and the fine clipper bark *O[illegible]*) and the splendid ship *Hattie Besse* has just [illegible] into her berth and commenced receiving a cargo. The *Hattie Besse* was built in the Charlestown Navy Yard for the Government in 1863. Her timbers are live and white oak, and for strength and speed this vessel can hardly be surpassed, being a four masted extreme clipper and of the best model for fast sailing. Her dimensions are: *length*, 210 feet *beam*, 35 feet, and depth of hold 14 feet, and will draw when loaded not over 13 feet of water. She promises to make one of the quickest trips ever made to the Pacific States. She registers 700 tons with a carrying capacity of some 1 100 tons and I venture to say that no vessel can be found on the coast so admirably adapted to the lumber trade. Messrs. Brockway & Baker understand their business thoroughly and are putting forth every effort to make the line a success and as gentlemen and business men, are deserving of the highest confidence of Oregonians. From the time Mr Mercer first laid the matter before them (and we had the pleasure of furnishing statistics and encouraging data) they have worked with a will and it is only necessary that Oregon merchants and shippers afford them proper encouragement by giving them their freight. They deprecate the idea of sending merchandise on their own account to overstock the market or even encouraging others to do so. They desire to do a legitimate shipping business and aim to hold themselves at the entire service of Oregon shippers. There has been considerable Oregon freight carried by California vessels since this line has been projected and secured—enough it is estimated to have freighted another vessel. Such a course as this might compel this line to send some merchandise on ship's account to complete a cargo, which they would very much regret doing more on account of a seeming interference with the legitimate trade than any fear of loss to them. It is confidently believed, however, that when this line is known to be in regular and successful operation that it will be well sustained. K.

Southern Democratic Enthusiasm

The war of races is progressing in the Southern States in a manner which must be highly satisfactory to Democratic prophets who have been foretelling this state of things. It is observable however that the war is carried on only by the Democratic chivalry and that the only part which the colored people have in it is to meet with slaughter. At Camilla, Georgia a short time ago the defenders of a white man's government undertook to show that a war of races was inevitable attacked a party of unoffending blacks killed seventy five of them and of course got off without receiving the smallest injury themselves. In Louisiana three or four days ago the Democratic theory that there must be a war of races, was exemplified by the killing of another hundred negroes. The loss in this Democratic 'war' is invariably and wholly on the side of the blacks. The conservatives always smite the negroes hip and thigh, with great slaughter. In every part of the South this war is raging. Only the most signal of the victories gained by the "conservatives" are reported by telegraph where only half a dozen negroes are killed no account is taken of the matter. The Ku Klux Klan are organized in a thorough manner to make the war of races a success. Fort Pillow Forrest says they number 550 000 and are daily increasing. In the meantime all the Democratic papers of the North continue to argue that the two races can never live together unless the blacks are reduced to their "normal condition" and to talk excitedly about the war of races which the "Radicals" are forcing on the country. "The Southern chivalry *will* kill niggers and it can't be helped. We Democrats told you Radicals how it would be, and now see how our predictions are being fulfilled! It wouldn't be a bit surprising if this war of races should go on until the sturdy Democracy of the South should kill every nigger there. You see, now what Radicalism is bringing upon the country!" Such is the substance of the talk common among Northern Democrats. Only yesterday the *Oregon Herald* had a leader demonstrating that a war of races was unavoidable, and its arguments were opportunely confirmed by dispatches published in its news columns, giving an account of the last massacre of a hundred "niggers" in Louisiana. Democratic enthusiasm at the South is irrepressible. Seymour and his riotous friends in New York must be highly pleased with the way the war of races is going on.

A Peace Prophet Speaks

Mr George B McClellan has succeeded in reaching home without being obliged to call for "reinforcements," and is giving the Democratic party the advantage of his influence in the Presidential campaign. In a letter to his political friends which has just been published he concedes that General Grant possesses military ability. This is kind. The people will doubtless thank the hero of the James river gunboat for this information. But the author of that Mac-Napoleonic strategy which led to the overwhelming defeat of our troops before Richmond in 1862 and forced them back to the Potomac, is decidedly of opinion that Grant can never restore peace to the country. The Chickahominy spadesman has peculiar ideas on the subject of peace and the way to obtain it. In 1864, as some may remember, he was a candidate for President. He and his party were then talking about peace,—making that topic in fact, their specialty,—and the way they proposed to obtain peace was by pronouncing the war a "failure," and demanding an immediate cessation of hostilities. But Grant's way of obtaining peace was different. His plan was to push the rebels into that famed intrenchment of theirs, known as the last ditch, and compel them to surrender. This he did. He bagged and paroled the whole crowd, and the country supposed that the peace which followed would be permanent. But the paroled rebels, when their muskets were wrenched from their hands, seized the ballot and went to voting Democratic in the expectation, as they declare, of regaining by this means all they had lost in the war. McClellan and his political friends now say as they did in 1864. Give our Southern brethren what they ask, and thus restore peace to the country. Grant and the party who have preserved the Union say. Let the late rebels submit to the laws keep their paroles and cease to contend for the restoration of the Lost Cause. Let us have peace. Here is the difference between the parties. The policy McClellan now recommends can no more restore peace than could the one he recommended in 1864, while the policy of Grant is just as clearly the way to peace as was the policy he pursued from the time he entered the field in 1861 until he received the surrender of the rebel armies in 186[illegible]

McCoy's Directory

We are really grateful to our friend McCoy for the Legislative Chart which he has taken the trouble to prepare and scatter through the State. An examination of it reveals the fact that the members are all of that class whom Democrats denominate carpet baggers, i e none of them are natives of Oregon. Let us look a little at the list of Democratic members. There is Dreibilbis of Grant the man who has been given a seat in the Senate in opposition to the declared will of the people of that county who came with his carpet bag from Pennsylvania four years ago. There is Stout, pretending to represent Multnomah, who came carpet bagging all the way from New York to California where he remained a short time until he found that the people of that State did not admire Know Nothingism and then came on with his carpet bag to Oregon, where he went into the profession of office seeking at once, and has kept it up ever since. In the House there is Beers who came to Oregon from Ohio five years ago carrying a carpet bag. Neal who came from Virginia seven years ago similarly equipped. Stites, who turned his back on Indiana and came to Oregon six years since carpet bag in hand. Cox the Josephine county carpet bagger who left that county a year or two ago with his carpet bag already filled for carpet-bag never expecting to go back but who just before the last election when every other resource had failed him, trudged back to Josephine, carrying the same jejune and thread bare carpet bag, and once more became a candidate for the Legislature hoping that by the time he should get through with this something else would turn up. These are specimens of the Democratic carpet baggers in the Oregon Legislature. We might go on with the list at great length for McCoy's chart is very suggestive.

LETTERS FROM THE CAPITAL

SALEM, Wednesday Oct 7 1868

TEMPERANCE MEMORIAL

This has been rather an interesting day in the Senate. In the first place the special committee to whom was referred the memorial from the Grand Lodge of Good Templars, praying for a prohibitory liquor law submitted a report which pays a handsome compliment to the temperance people, couched in a decidedly flowery set of sentences, but concluding with the expression of the opinion that the time has not arrived for the enactment of such a law as prayed for. The report and memorial were made, upon one motion or another, the subject of a discussion which lasted several hours. It was finally decided that both should be printed but for what purpose, beyond an expression of respect for the authors of the memorial and report cannot be easily conceived.

GRANT COUNTY SENATORSHIP

On motion of Mr Trevitt, the Senate resolution declaring that there was no vacancy in the office of Senator of Grant county at the election last June, and that therefore, the certificate of election held by Mr Sels confers upon him no right, was taken up by a vote of nineteen to three, it being the special order. On the motion to adopt, all the Democratic Senators and Mr Bayley voted aye. The remaining eight Union Senators voted nay. So it has been decided that what was good for Mr Strout in Multnomah was not good for Mr Sels in Grant.

'Tis strange what difference there should be

THE RAILROAD WAR

When this matter had been disposed of Mr Bayley offered the following resolution

WHEREAS, The Congress of the United States has passed an act entitled "An Act granting lands to aid in the construction of a railroad and telegraph line from the Central Pacific railroad in California to Portland in Oregon," approved July 25, 1866 and made it the duty of the Legislature of this State to designate the company which should receive the lands in this state granted by said act and

WHEREAS, The Legislative Assembly of this State which assembled in September, 1866 passed House joint resolution No 13 on October 10th 1866, designating the Oregon Central Railroad company to receive all the benefits and lands granted by said act of Congress so far as regards the State of Oregon and

WHEREAS, The Oregon Central Railroad Company of Portland, Oregon, is the company which presented their articles of incorporation to the said Legislature of 1866 and did solicit the transfer and grant of the said lands to themselves and have filed their assent to the act of Congress aforesaid in the manner and within the time therein described and have been recognized by the government of the United States as legally entitled to said lands and have filed maps of their route and surveys with the Governor of Oregon and the government of the United States and have secured subscriptions of money land and other property from the citizens of Oregon in aid of the construction of their railroad and have expended the same thereon upon the faith and credit of said lands, and

WHEREAS, No other company appeared before the said Legislature in 1866 or have in any way complied with the requirements of the said act of Congress or have been recognized by the government of the United States in the premises.

Therefore, in order to remove all doubts in the public mind, it is hereby resolved by the Senate the House concurring, that the Oregon Central Railroad Company of Portland Oregon, is and was the company designated and intended to be designated by said H J R, No 13, of 1866 and that this Legislative Assembly does hereby affirm said designation and does redesignate and reaffirm them, the said Oregon Central Railroad Company of Portland, Oregon to receive all the benefits and lands granted by said act of Congress so far as the same relates to the State of Oregon

Mr Adams offered a resolution which was adopted, requesting the Secretary of State to appear and produce the original articles of incorporation filed by the East and West Side companies. Mr Hendershott offered a resolution which was adopted, inviting an attorney of each company within the bar, to present their respective claims. Secretary May appeared and read the articles of incorporation. One or two other papers were also read, when the day being about spent, the further consideration of the resolution was postponed. At half past ten to morrow, the battle of the giants will open in good earnest. The issue presented by the resolution is a square one and leaves little room for finessing or dodging unless the Legislature should refuse utterly to say or do anything in the premises. There are rumors afloat that attempts have been made to approach members with improper proposals for votes this way or that way, but it is not easy to say how much truth there may be in such stories or how far interested lobbyists may go in the exertion of their 'influences.' There has been no test yet which indicates in advance what will be the result of the struggle formally opened to day.

IN THE HOUSE

The clerks of the House have made a long journal to day, but after all the greater part of the story would be exceedingly dry to the public. There was a report this morning from a committee in favor of purchasing the Gardner shackle for use at the Penitentiary, and a bill was introduced to appropriate $5,000 for that purpose. On the motion to engross the bill for a third reading, Mr Cox intimated that there would probably soon be a change in the Superintendency of the Penitentiary and it was therefore necessary to attend to the matter of this shackle right away. The House concurred in Senate joint resolution for relief of Royal A Pearce. Bellinger introduced a bill to protect oyster beds, forbids persons working natural beds unless they have resided in the State one year and in the county six months, and forbids dredging for oysters. The committee to whom was referred the bill to license soliciting agents reported an amendment, striking out $1,000 (as the price of license) and inserting $500. The amendment was, however, not adopted. Mr Tandy introduced a bill to amend the law relating to fees of County Clerks. A special message from the Governor was received, in answer to a resolution of inquiry, stating that the matters set forth in his biennial message relating to the estate of Fenice Caruthers, were upon the information of the attorneys for the State, and that the expenses incurred in prosecuting claim of the State to such estate are not definitely ascertained. Bellinger introduced a bill giving County Courts jurisdiction in all criminal cases where the punishment prescribed by law is less than death or imprisonment in the penitentiary. Ryan—bill to incorporate Dalles City. Garrett—bill relating to applications for letters testamentary. Laudon—a bill to regulate interest and to prevent usury. Pendergast—a bill authorizing County Court of Curry county to appoint road supervisors. Hester—a bill to enlarge corporate limits of Astoria. Kirk—a bill to define powers and duties of Assessors. Ryan—a bill to amend estray law

SENATE JOINT RESOLUTION NO 4

Just previous to the adjournment for dinner the resolution of the Senate to withdraw the assent of Oregon to the fourteenth amendment came in. Upon reassembling this afternoon, on motion of Gilfrey it was made the special order for next Friday. There will be a heap of spread eagle business done on that day. If the sun should stand still on that day, it will stand for a sign that Joshua is tinkering the Constitution.

The House passed the bill granting certain lands to the Dalles and Boise Military Road Company

CLACKAMAS COUNTY CONTESTED CASE

Mr Neal, from a majority of the Special Committee on the contest between Cain and Trullinger, submitted a report stating the conclusion of a majority of the committee, that they find seven votes were illegally cast for Trullinger the sitting member, that the election returns show that Trullinger received 606 votes and Cain received 600 that if the seven illegal votes be taken from Trullinger, Cain would have a majority of one etc. Action on the report was postponed till to morrow when the polls will be reopened and Cain will be elected. There will be a minority report to morrow morning

INSANE ASYLUM

Mr Cox offered a resolution which was adopted calling upon the committee to whom the matters were referred, to report as soon as practicable. Mr White Chairman of the committee said they would probably report to morrow morning. We shall then begin to discover how the "cat jumps"

The National Debt and the Republican Party

We commend to every one who wants accurate information on the subject of national finances the very full and luminous statement which we publish elsewhere in this paper to day. Every one who examines it must be entirely satisfied on the subject. The proof is conclusive that one fourth of the debt which existed when the war closed has already been paid. Further it satisfactorily appears that the ordinary expenses of the Government under our present Republican Congress—hampered as Mr Atkinson says by a hostile Executive—have been at the rate of $15,000,000 less per annum than the expenses under the last year of Democratic rule. He shows that the Government received from April 1 1865 to June 30 1868 a period of three years and three months from taxation sale of military stores and vessels and miscellaneous sources the sum of $1 [illegible]. Out of this money there was paid on army and navy account immediately after the war closed the sum of $774 [illegible]. And there was paid for bounties prize money reimbursing States support of the starving poor of both races at the South, the further sum of $44 912 401. These two sums which were wholly war expenses, must be added to the audited war debt as it stood April 1 1865. The audited debt on that day was $2 366,955 077. The account then stands thus

Audited debt April 1st 1865	$2 366 955 077
Debt since audited	920 778 4[illegible]
Total National debt at close of the war	$3 2[illegible] 733 529
Total National debt October 1 1868 as per statement of the Treasury Department just published	2 534 647 718
	[illegible] 089 811
Credit for Alaska and Pacific Railroad Bonds	46 844,000
Total debt paid	802 923 811

Not only has the debt been reduced eight hundred million dollars from its maximum point in 1865 but Congress has in the meantime abolished taxes amounting to nearly two hundred million dollars per annum. These mighty results have been achieved in the face of the persistent opposition of the Executive, the Democrats, the rebels the whisky ring, and the whole crowd of the Johnson Copperhead corruptionists who have done their best to squander the revenues embarrass the finances and keep the country in a broil.

One item more is deserving of particular attention. The Democratic Secretary of the Treasury is compelled to bear witness to the efficiency of Republican financial management. His financial statement for the present month shows that the debt was decreased during the month of September by the sum of $5 290 000. Pacific Railroad bonds were issued to the amount of $4 320 000 and the net decrease of the debt was $970 000 the railroad bonds being included in the statement of the whole amount. A decrease of *five million two hundred and ninety thousand dollars in a single month* according to unimpeachable Democratic authority is the answer which the Republican party makes to the reckless statement of the Copperheads that the debt is constantly increasing and that the Radicals are squandering the people's money.

George H Pendleton in his speech delivered in Congress on the 29th of January 1862 depicting the evils of an irredeemable currency, said "You put on them the greenbacks the mark of Cain and like Cain they will go forth to be fugitives and vagabonds on the earth." Last spring, when Mr Pendleton was pushing himself for the Democratic nomination for the Presidency he, or his friends sent through the mails a large number of greenbacks in the form of posters, with the portrait of Mr Pendleton on them. It is just possible that in sending out these electioneering documents Mr Pendleton had some idea of making good of his prediction of January 29 1862. The mark of Cain was never more surely put upon a greenback than when it bore the physiognomy of "The Young Eagle of the West"

SPECIAL DISPATCH TO THE OREGONIAN]

Oregon Legislature.

SALEM, October 8

In the House this morning the vote by which the bill granting certain lands to the Dallas Military Road Company passed yesterday was reconsidered and the bill was then laid on the table. An attempt was made in the afternoon to get it up when it was found the bill had been sent to the Senate. The House is in a great muddle over it

Mr Davis presented a memorial from the State Agricultural Society praying for an appropriation of $3 000 to aid the Society in the collection, publication and distribution of statistics and general information concerning Oregon. Ordered printed

The Senate bill to provide for a division of Douglas county was passed

Mr Gazley presented a minority report on the Clackamas county contested case. It says that there were only three clearly illegal votes cast for Trullinger and one doubtful, leaving him a majority of two at least. The House will hold a session this evening to consider the majority report

In the Senate Mr Hendershott, from the Committee on Insane Asylum reported that the committee had received and considered the various proposals for the keeping of the insane and had come to the conclusion that Hawthorne & Loryea's proposition to keep them for the next two or more years at seven dollars per week, is the best submitted. The Senate instructed the committee to furnish the Senate all propositions submitted

The consideration of the railroad resolution occupied the balance of the day. Kelly appeared for the West Side and Mitchell for East Side. Voluminous documents were read in evidence—all evidence submitted and argument will be made to morrow

A WORD FROM THE NEW YORK TRIBUNE —The New York *Tribune*, at the close of an article written on receiving the news of the Maine election and the triumph of the Republicans, thus remarks

While we exultingly comment upon this triumph, and draw from it auguries of a certain victory in November while believe we see in this uprising in Maine the coming of that Tidal Wave which is to sweep every organized remnant of rebellion out of the country we take a lesson of a more practical nature. Maine was carried because we fought to carry it. Triumph came from work. Our friends meant to win—and they won. Every township every county was canvassed. The friends of freedom gave up every consideration and necessity of business to the country. They worked as they had not worked since the days of Harrison Fremont and Lincoln. The issues were presented—the voters were brought out—the victory won. Let our friends in Pennsylvania Ohio and Indiana imitate the Yankee boys in their discipline their resolution their harmony and their enthusiasm. The triumph will be as glorious and overwhelming and the 3d of November will bring us that peace and prosperity for which the nation has so vainly and patiently longed

IT IS AN INVARIABLE LAW OF NATURE that every human being shall do those acts which he thinks will secure good to him and that he shall avoid those acts which may occasion a loss to him or the family he is a member of. In conformity with that law it is the duty of every person to purchase of Kohn & Fishel all the goods they may be in need of. The fair sex who certainly are always most happy to comply with all things beneficial to themselves and families should not fail to examine the fine and extensive stock of Kohn & Fishel and they will confess their stock of Dry Goods the of superior quality and at figures below other houses. Men more bold and less calculating than our fair ladies should be reminded that Kohn & Fishel indeed are the leaders of fashion the lowest in price and no man shall wear clothes unless they are purchased at Kohn & Fishel's No 91 Front street

EXTENSIVE IMPROVEMENT We learn that it is the purpose of the Oregon and Washington Navigation Company the incorporation of which we noticed a few days since to improve the navigation of the Columbia river by removing the obstruction at the . It will be remembered that according to Indian tradition a great natural bridge once spanned the stream from the north to the south beneath which the waters of the Columbia in former times made their way. Once upon a time far back in the past the pent up fires in Mts. Hood and St Helens convulsed the whole and shook the bridge. Such is the legend. We have no scientific means of determining but we are informed by those who have made examinations that the depth of the water is greater above the falls than below the bed of the river between two points, and that the huge rocks rush with such force were thrown there by natural If this be true there is no reason to believe the tradition At any rate investigation that by proper effort all obstruction at the Cascades can be effectually removed so that a steamer can reach the Dalles without difficulty. It remains for enterprise to determine this important which has a material bearing upon the interests of the people of the Willamette valley as well as of Eastern Oregon.

[DISPATCHES TO THE OREGONIAN.]

DATES TO OCTOBER 7.

BOSTON, Oct 7.—The Republicans of the Seventh District nominated Boutwell for Congress.

UTICA, N. Y., Oct. 7.—The State Convention of colored men was held to-day. A communication to secure the rights of colored women was received from Susan Anthony. Resolutions were adopted endorsing the Republican State ticket. Declarations of principles were adopted. Several addresses were made and the Convention adjourned.

SPRINGFIELD, Oct. 7.—The National Convention of French Canadians in the United States assembled to-day after parading through the streets with music and banners.

ITHACA, N. Y., Oct. 7.—The dedication of Cornell University to-day was a success in every particular. Over three hundred students were present.

PITTSBURG, Oct. 7.—A serious riot occurred to-night about nine o'clock. The Republican torchlight procession was passing along Wylie street and when near Tunnel were assailed by a mob which caused a fight to ensue. Stones and missiles flew in every direction, clubs were freely used and about forty shots were fired wounding several persons severely.

TOLEDO, OHIO, Oct. 7.—The Grand Lodge of Good Templars met to-day. Over 500 delegates were present from all points of the State. The order has now a membership in this State of twenty eight thousand, an increase of ten thousand since last year.

NEW YORK, Oct. 7.—A Havana letter of Oct. 3d says the excitement there is intense. No news from Spain, nothing being allowed to come over the cable.

The Captain General has decided to leave Cuba for Spain, turning over the government of the Island to the Spanish Admiral, but the latter declined. It is also stated that one or two prominent naval officers are under arrest for the expression of their opinion on public matters.

NEW YORK, Oct. 7.—The *Times* and *Tribune's* dispatches say that Judge Chase has come out in favor of Grant.

General Sherman has written to the authorities for more troops to aid in subjugating the Indians. He is said to complain bitterly of the delays in sending reinforcements, and to state that unless he is promptly furnished with the troops he desires nothing can prevent a wide spread and disastrous conflict with the discontented tribes.

WASHINGTON, Oct. 7.—The published statements that owing to the revolution in Spain this Government is interesting itself about the purchase of Cuba is altogether untrue. The subject has not been mentioned in the Cabinet.

WASHINGTON, Oct. 7.—General Dyer, Chief of Ordnance, has been relieved from charge of the ordnance bureau until the conclusion of the investigation by the Court of Inquiry in his case.

TROY, N. Y., Oct. 7.—A fire to-day destroyed property to the amount of $200,000. F. A. Moore & Son are the principal sufferers, losing $140,000. Hineman & Schnacker lose $28,000; C. Willard & Co. $20,000.

BY ATLANTIC CABLE.

MADRID, Oct. 7.—The Provisional Government has organized. Serrano and Prim have been made honorary Presidents, Aguirre Abbay, President of Ribiro and Vigo Armago, Vice Presidents, and Lignercio, Minister of Finance. Bologusta and Ayalo joined the ministry.

PARIS, Oct. 7.—The embassadors of various foreign powers resident at Vienna, and Mr. Bancroft, the American representative at Berlin, have written an address to Bismarck, which will be presented on the occasion of his banquet.

LONDON, Oct. 7.—It is said that a committee will be appointed by the last House of Commons, on the subject of the land law in Ireland, which will report to the next session at an early day. It is thought that the Minister will bring in a bill to adjust the question as soon as possible.

An explosion occurred to-day at Bornesby in the building used for the manufacture of fireworks. The building was utterly destroyed by fire. Five dead bodies have been taken from the ruins and seven persons badly injured.

Paris advices from Rio Janeiro mention a floating rumor that President Lopez has been defeated by Allies and obliged to retire from his position at San Fernando.

MADRID, Oct. 7.—The Provisional Junta will free the children of the blacks in the colonies, in anticipation of the total abolishing of slavery by Cortes.

PARIS, Oct. 7.—A report from Spain says the Carlists are agitating in Basque Province, and some local juntas have been [illegible] protesting against the supremacy of [illegible] from China state that the Emperor [illegible] the port of Chifo in the Gulf of Pechili, to foreign trade.

FROM THE NORTH.

VICTORIA, Oct. 5.—Steamer *Otter*, from Sitka, Sept. 13, arrived here yesterday afternoon. Steamer *Alexander*, with General Davis and staff on board, left Sitka for the [illegible] on the day of the departure of the *Otter*. Capt. Smith, of the American garrison at Stickeen, is putting up comfortable quarters for the troops, and the fort to be erected will soon be commenced. The Indians north are quietly dispersing. There have been some cases of small pox among a few of the tribes.

BY STATE TELEGRAPH.

ALBANY, Oct. 6.—John H. Lines, an old citizen of Linn county, residing near Knobs Butte, met with a very serious accident while returning from [illegible] with a load of lumber this afternoon. His horse took fright, ran off, throwing him out of the wagon and smashing his leg very badly. [illegible] from Albany announced.

The Boston *Sunday Times* lately remarked that the New York *Sun* was "managed by the only man in the newspaper business who ever managed Horace Greeley." This compliment Mr. Dana cannot unqualifiedly appreciate. He says: "This nonsense has been hawked around the country long enough by enemies of Mr. Greeley, and it is time to stop it. Mr. Greeley is a man on his own account, and, so far as we know, nobody ever managed him. He has positive notions of his own, and other people often think him obstinate and headstrong about them; and if anybody thinks or says that anybody else ever controlled the *Tribune* contrary to Mr. Greeley's will, he is much mistaken."

It is proper, we suppose, to repeat a little thing about S. H. Tyng, who was one morning walking to a church in which he was to preach. He was accompanied by his father. On the way they got into conversation with an old colored man, who assured them that he had rejoiced in a Christian hope for upward of fifty years. "Are you going to this church?" It was the only church in the village. "No, sah—I neber go to that church." "You never go to that church—and yet you have been a Christian these fifty years?" "No, sah—I neber go to hear them young minister[illegible] preach—I's a preacher myself—I is!"

WHAT IT COSTS TO SEE NIAGARA.—A correspondent writes: To see Niagara you buy eleven silk dresses for your wife and six shirts for yourself. You then get all the ready money you have, borrow all your friends have, and make arrangements for unlimited credit at two or three good solvent banks. You then take six trunks, some more money, a nurse, a colored servant, some more money, and then, after getting more money, and extending your credit at one or two more strong banks, you set out. It is better, if possible, just before you leave, to mortgage your homestead and get some more money.

The nomination of Gen. Grant is the protest of the American people against the long and weary reign of Gab, a reign in which the noisy and specious glibness of self trumpeting speech cries down and blows aside all modest worth and genuineness. The people are bored to death by the clamorous, jabbering, clattering tribe of speech makers, and all the sounding brass and tinkling cymbal of stump oratory. "Words'" says Bacon, "are the counters of wise men and the money of fools."

Zeb. Vance, once Governor of North Carolina, lately a delegate to the Tammany Hall Convention, and one of Frank Blair's "peers," exhorted the soldiers of his State, when they went to join the Confederate army, to "fill hell so full of Yankees that their legs would stick out of the chamber windows." Zeb. is very enthusiastic for Seymour and Blair.

THE GREATEST BORE.—The St. Louis artesian well has reached a depth of nearly three fourths of a mile. The work has been discontinued, the impossibility of obtaining fresh water having been demonstrated.

Kentucky has not a single daily journal outside of Louisville. It has just given 90,000 Democratic majority.

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing effect in cases of nervous excitement as

DR. HOSTETTER'S STOMACH BITTERS.

Although the fame of this renowned invigorant rests mainly on its astonishing cures of Dyspepsia, Liver Complaint and intestinal disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which as a sex they are subject. It cheers and lightens the depressed mental powers as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere.

TO THE ENTERPRISING

Farmers of Oregon!

CASTONS'S X-L-SIOR

BROAD-CAST GRAIN-SOWER.

THIS VALUABLE LABOR SAVING MACHINE which has already been adopted in nearly every Agricultural county in the State of California and in every county where it has been presented, has been brought to Portland by

MR. JAMES BRUSIE,

who holds the exclusive right to the same for the State of Oregon, and is now ready to accommodate the farmers of this State with machines, and to sell county rights to manufacture the same.

This machine saves the entire cost and labor of sowing a field excepting the cost of a machine—the same team being used for sowing and harrowing as is used for harrowing alone, the farmer or his boy riding and driving his team, instead of walking and carrying his heavy sack and then walking and dragging his grain in.

The inventor of this valuable aid to farmers is a man of large experience in seeding machines, and has happily succeeded in this invention, in producing a machine which, while it carries the farmer as if on a sulky, sows wheat, barley, oats and peas with greater regularity than the same can be sown by hand, and at the same time the harrow attached to it, immediately behind, covers the grain and the labor is done. Any intelligent farmer who has ever carried a sack and sowed grain will readily see that the X-L-SIOR Grain Sower will save its entire cost in labor alone—to say nothing of its saving in seed—in sowing comparatively but few acres, and we have placed an improper estimate upon the enterprise if our Oregon farmers if this machine is not generally adopted in this State as it has already been in California, where the farmers write to the inventors respecting after this manner:

LINCOLN (Placer Co.), Sept. 5, '68.

MR. H. A. GASTON—Dear Sir: I have two complete machines (X-L-SIOR) which I challenge the State to beat for sowing grain. I have not as many fingers as the shaft as you directed, but *I do not want my machines to sow any better than they do. I have sowed and gauged them perfectly.*

T. C. TURINGTON.

By addressing or calling upon Mr. Brusie at C. Hopkins, corner of Front and Morrison streets, in this city, machines or County Rights to manufacture and sell the machines can be purchased at reasonable rates.

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered.

The advantages to be derived from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale, and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement (when every moment's delay in checking it is of the utmost importance) no means are ready at hand.

The EXTINGUISHER is the only Engine that fills this requirement.

It is always ready for use, though standing unused for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as effective in the hands of a Boy as the most experienced Fireman.

It is portable, and as easily handled as a bucket of water.

It possesses within itself the power of a force pump, and as effective as a Steam Engine.

It is the only known invention that will put out Fires from Kerosene, Tar, Naphthaline, and combustible materials now in common use.

HIRAM SMITH'S

Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

F. B. MOORE,	NATHANIEL BELL,
A. L. WALLACE,	G. R. WARD,
Mrs. MONTGOMERY,	JOHN M. HOLLOWAY,
W. D. PORTER,	ROBT. RAMSEY,

And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE, NO PAY and NO INJURY plan.

TO ALL WHO ARE INTERESTED

IN THE TRIUMPH OF

REPUBLICAN PRINCIPLES

THE IRISH REPUBLIC NEWSPAPER, PUBlished in New York City, is devoted to the promulgation of the principles of the Republican party. It is now engaged in a bitter and most arduous struggle with all the reactionary elements which have so long controlled the votes of adopted citizens of Irish birth. Its circulation and influence are being widely extended, but as in all such enterprises, the results are all consumed in the efforts at maintaining and extending that influence. The paper is a large and handsome Weekly, published at a subscription price of five dollars per annum. We propose to devote our columns to the great work of the pending campaign. We will send the *Irish Republic* for four months for one dollar, in packages of ten and upwards.

Members of Congress and all who are concerned in the triumph of Republican principles, will find the *Republic* an efficient campaign document.

DAVID BELL, LL. D.,
MICHAEL SCANLAN,

We heartily concur in recommending the *Irish Republic* as an efficient and able ally of the Republican party. We believe its circulation as suggested will do great good to the cause.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Disease.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence—the effects of secret indulgence—suffering from the poison absorbed into the system. Look at their pallid, emaciated and haggard faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In their own estimation, thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible life destroying maladies—see that they are cared for at once. [illegible] Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be aware of the many pretended doctors who infest all cities, puffing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease have continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn to certificates, dupe the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and because too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them, until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 257.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultation FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian.*
